

PERIOP 101: A Core Curriculum™

New Enhanced Features!

Perioperative RN Training and Professional Development

For over 25 years, healthcare facilities around the world have trusted Periop 101 to prepare nurses for the OR. With customizable and turnkey implementation, it now also includes professional development opportunities beyond onboarding.

PERIOP 101 LEARNING PLANS

This program features online didactic learning, hands-on skills labs, and clinical preceptorship. Three learning plans are available, and learner seat assignments across all plans are easily managed through your Facility Agreement Page:

OR

ASC

Cesarean Section

Multiple agreements within each facility are available for departments with separate education budgets.

RECOMMENDED COURSE TEXTBOOKS*

- AORN *Guidelines for Perioperative Practice*, latest edition
- *Alexander's Care of the Patient in Surgery*, latest edition
- *Perioperative Care of the Pregnant Woman: Evidence Based Clinical Practice Guideline*, latest edition (for C-Section learning plan only, not currently sold through AORN)

The Periop 101 Textbook Package is available at a discounted rate for individual learners and facilities. Alternatively, learners can access the AORN Guidelines online, along with 100s of other educational tools and resources, via an **eGuidelines Plus** facility subscription. Special discounts are available to Periop 101 customers.

ADDITIONAL RECOMMENDED VIDEOS*

Supplement Periop 101 with the enhanced **AORN CineMed Video Library** offering 40+ video-based educational courses designed to increase competency and implementation of best practices in the perioperative environment. Earn 50+ CH. Mobile-friendly. Unlimited and per-learner subscription options. Special discounts are available to Periop 101 customers.

FEE STRUCTURE & PACKAGING

A 3-year agreement includes rights to use the online courses and access for Periop 101 Administrators to teach all 3 learning plans. Packages are based on the number of learner seats in your agreement. Easily assign seats across the 3 learning plans as needed. Ask your AORN account executive about bundling Periop 101 with the *Preparing for the Scrub Role* course.

Learn more by visiting aorn.org/p101 or contact the AORN Facility Solutions team at periopsolutions@aorn.org to learn how the Periop 101 program package can benefit both novice and experienced nurses.
